---

Fifth-semester Information Systems student at STT Terpadu Nurul Fikri with experience in web application development (Laravel), software design, employee monitoring systems (Odoo), and data management using Excel and MySQL. Highly interested in pursuing a career as a Data Analyst, eager to contribute and continuously learn new skills.

## Experience

---

- **Digital Child Identity Card (KIA) Application Design**  
Designed a digital KIA application for online child data management, including system flow, database structure, and user interface design using Figma and MySQL.
- **Campus Parking Web Application (Laravel) – Front-End Developer**  
Developed responsive user interfaces integrated with Laravel backend to ensure an intuitive campus parking web application.
- **Data Dashboard Development with Excel (Pivot Tables)**  
Created an interactive dashboard using Pivot Tables to analyze and visualize data, facilitating monitoring and decision-making.
- **Project Charter for Targeted Social Assistance System – Project Manager**  
Led the creation of a Project Charter, including scope, schedule, budget, and risk identification to ensure efficient project planning.
- **IT Governance Journal on Bank Mandiri**  
Authored a scientific journal analyzing IT governance frameworks, evaluating implementation effectiveness, and providing recommendations for improvement.
- **Digital Marketing Flip Book for UMKM Ama Suju**  
Developed a digital marketing flip book as a promotional strategy, covering content design, promotional media, and digital strategies to expand consumer reach.

## Skill

---

### Hard Skill

- **Programming & Frameworks:** Laravel, PHP, HTML, CSS, JavaScript
- **Database & Data Management:** MySQL, Excel (Pivot Tables, Dashboard)
- **Software & Tools:** Odoo, Figma, Git/GitHub, Microsoft Office
- **Data Analysis:** Data visualization with Excel & MySQL, basic statistics
- **Project Management:** Project Charter, project planning, SRS documentation

### Soft Skill

- Analytical thinking & problem-solving
- Time management and work organization
- Effective communication & teamwork
- Adaptability to new technologies
- Leadership (experience as Project Manager in academic project)

## Education

---

Nurul Fikri Integrated Technology College (STT NF)  
Bachelor's Degree in Information Systems  
5th Semester (2023 – Present)  
IPK: 3,87 / 4,00
